OUR CURRENT RULES

1. All bookings are limited to 6 guests per table.
2. Government guidelines have stated that indoor tables are limited to 2 households (or support bubbles), outdoor tables are limited to a group of 6 people from any number of households.
3. If you or anyone from your party experience any symptoms associated with Covid 19, please do not attend your booking.
4. Please make use of our complimentary sanitizer stations. Please use before and after using the restrooms.
5. Dancing is not permitted.
6. Please keep your conversation to a normal level, please do not shout or call out to other tables.
7. Please do not approach other tables, regardless if you are maintaining social distancing.
8. Please do not attempt to order at the bar. We are offering table service only.

OUR FURTHER STEPS FOR SAFETY

Our already rigorous cleaning regime has been increased, with regular disinfecting and sanitising of the all our areas using recommended products. A member of staff will also be periodically cleaning touch points throughout the venue regardless of customer contact.

Employees are being even more vigilant about frequent hand washing and hand sanitising. Any member of staff showing the slightest symptom will be self-isolating, along with anyone who believes they may have been in contact with a symptomatic person.

We're working with a reduced capacity, all of our seating is sold with table allocation and your table will be set prior to the show. Our staff have undergone training to make sure your space and safety is their top priority. We've adapted our shows to eliminate any touch points and cross contamination.
